- Requires 4 X AA batteries

**Battery Precautions**

1. Alkaline batteries recommended.
2. Do not use rechargeable batteries.
3. Non-rechargeable batteries are not to be recharged.
4. New and used batteries should not to be mixed.
5. Only batteries of the same or equivalent type as recommended are to be used.
6. Different types of batteries are not to be mixed.
7. Batteries are to be inserted with the correct polarity.
8. Keep batteries away from children.
9. Exhausted batteries are to be removed from the toy.
10. Exhausted batteries are disposed according to local legal requirements. Do not dispose of them by throwing away with normal household rubbish.
11. Avoid short circuiting the contacts in the battery compartment and battery terminals.
12. Remove batteries from the unit if it will be not used for long period of time.

**Installing the batteries**

Your Robot bank requires 4 X AA batteries (2 for sound & display and 2 for the movement). For best performance we recommend to use alkaline batteries.

1. Use a Phillips screwdriver to loosen the screw from the battery compartment cover, as shown in the illustration, and remove the cover.
2. Insert the batteries in the compartment as indicated by the polarity symbols (+ and -) marked inside.
3. Replace the cover and tighten the screw. When the robot stops operating properly, replace with new batteries.

Note:

When the robot bank stops operating properly or if the display becomes dim, or the sound becomes weak, replace with new batteries in the CLOCK compartment. When the Robot bank doesn’t move the arms, mouth and eyes, replace new batteries in MOTOR compartment.

**Robot Announcements**

Whenever you come within range of the robot bank, he moves his arms, eyes & mouth, and tells you the current time, and announces a number of different announcements for different situations.

When Alarm time is up, Robot says: **“Hey! It’s time to wake up.”**

At normal situation or After you have set the target savings amount, but not yet to reach your goal, whenever you come close to your robot bank, he says one of the following:

“ I’m hungry. Please fill me up !”

“ Please remember to save today!”

“ Don’t forget to insert coins today!”

“ You have almost achieved your target. Please add more!”

“ How are you?”

“ Have a nice day.”

“ How do you do?”

“Hi!”“ Hello!”

After you have reached your target savings amount, whenever you come close to your robot bank, he says one of the following:

“ How are you?”

“ Have a nice day.”

“ How do you do?”

“ Hi!”

“ Hello!”

Once you insert the last coin to reach your target savings amount, robot bank says:
“Well done, you did it! You have met your goal. Great job!”

- When you want to withdraw your savings, robot bank says:

“Uh-oh! I hope you have a good reason for withdrawing your savings.”

**Sound On/Off Status**

- To display sound on/off status, press **SOUND** key, On/Off status appears in the LCD screen.
- Press ▲ or ▼ key on keypad to change the sound status.
- Press SET to confirm sound status.

**Note:** When the Sound has been turned off, the Robot bank does not make any announcement and does not make any movement when you come close to it.

**Resetting the Robot**

If your Robot bank is not working properly or does not respond to your input press the **RESET** key located on the battery cover, all settings will be cleared. You must set the time, date and target savings amount again.
